Other

Git & GitHub, VS Code

Interests

Learning New Things, Involving sports

Projects

Recipe Finder Website

Live:- <https://fairfoods.netlify.app> 📄

GitHub:- <https://github.com/Lucky12-call/recipe-finder-reactjs.git> 📄

Welcome to our recipe finder website, where you can discover and create delicious dishes. Easily search recipes by name or category. Each recipe page provides clear step-by-step instructions for preparing your chosen dish. Additionally, explore instructional videos by clicking the YouTube button to watch how each recipe is made.

Crypto Currency Tracker

Link:- <https://crypto-hunter-2.netlify.app>

GitHub:- <https://github.com/Lucky12-call/Crypto-Currency-Tracker.git>

Welcome to our cryptocurrency tracker website, where you can view the top trending cryptocurrencies. By clicking on a specific currency, you'll be taken to a detailed page that provides comprehensive information about that currency. Additionally, you can view market cap-based charts for insightful analysis.

Weather Web app

Link:- <https://joyful-youtiao-290708.netlify.app>

GitHub:- <https://github.com/Lucky12-call/weather-web-app-reactjs.git>

Welcome to our weather web app, where you can find comprehensive weather information for your country and city. Get real-time updates on temperature, wind speed, and humidity, all in one convenient place.
